The goal is that the puppy has positive experiences, not neutral or bad ones. It's important to watch the puppy's response and note what it is and to also give treats to help ensure the exposure is a success. Here's a checklist that can help you. This extensive checklist is the one we use for each puppy we breed, to keep track of the puppy's socialization progreess.

| PROGRESS | SCORE | RESPONSE TO THE PERSON, OBJECT, ENVIRONMENT OR HANDLING |
| :---: | :---: | :--- |
| Needs Work | $\mathbf{1}$ | Overarousal or try to get at: Growl, nip, bark, struggle (for handling), <br> or lunge |
|  | $\mathbf{2}$ | Avoid: Struggle, hide, try to get away, won't approach, or hesitant <br> to approach |
|  | $\mathbf{3}$ | Freeze: Holds still (but not eating), non-exploratory, moving slowly <br> or acting sleepy when they shouldn't be tired |
|  | $\mathbf{4}$ | Calm, relaxed, explores the object or environment, playful, <br> focused on the food |

Additionally a + can be used to denote better progress and a - denotes not as well: e.g. 2+, 2, 2- three levels of response
